George R Sutherland, a wellknown mining man, has bonded the Nighthawk mine, and has already begun operations on it. The Nighthawk has produced thousands of dollars worth of rich ore and the workings are yet practically in the grass roots. Besides the rich stratas which have been worked out the mine has big bodies of low grade gold ore that

will pay well The ball given by the Knights of Pythias last Thursday night was a grand success in every way. The one discom forting thing was the crowd. The ball was much too small to accommodate the jum of people who attended. The cos tumes were many and varied and the en. jayment was all that could be expected. The supper at the Commercial was the best ever placed before a Kingman public. The success of the ball is entirely

Last Sunday morning a west-bound cattle train was wrecked four miles west of Kingman. The cars were smashed into flinders, but, strange to say, only a few of the cattle were injured. Out of two cars of mules only one animal was injured. The cattle were all allowed to run at large and the cowboys have had a time gathering them up. Fifteen or sixteen had to be killed. A broken rail was the cause of the wreck. The cattle were being shipped from Phenix to San Francisco and were in fine condition. The Indians had a great feast off the carcasses of the dead animals.
